

## Industrial Adhesives and Tapes Division

### Product Information Bulletin

### 3M IATD Adhesive Sealant Products with NSF Registration

Issued: April 2012

Supersedes: June 2009

The following products are registered by NSF:

3M™ SMP Adhesive Sealant 740UV, White and Gray (Registration No. 141834, 141830)

3M™ Adhesive Sealant 760 UV, White and Gray (Registration No. 141833, 141829)

3M™ Polyurethane Adhesive Sealant 550 FC White and Gray (Registration No. 141835, 141832)

3M™ Polyurethane Construction Sealant 525, Gray (Registration No. 141831)

3M™ Polyurethane Adhesive Sealant 560, Gray (Registration No. 143154)

All products can be used as adhesives or sealants on structural surfaces where there is no possibility of food contact (R2) such as floors, walls, and ceilings. The coating must be applied in a manner which prevents direct or indirect contamination of edible products. Before the food product may be placed in the area where the material is being used, the area should be sufficiently free of odor to prevent product contamination. As a safety precaution, smooth coatings should not be applied to walking or standing surfaces in processing areas.

Additional information can be found on the following NSF website:
