

3M™ Peltor™ HearPlugs™ Listen-Only and 2-Way Earpieces

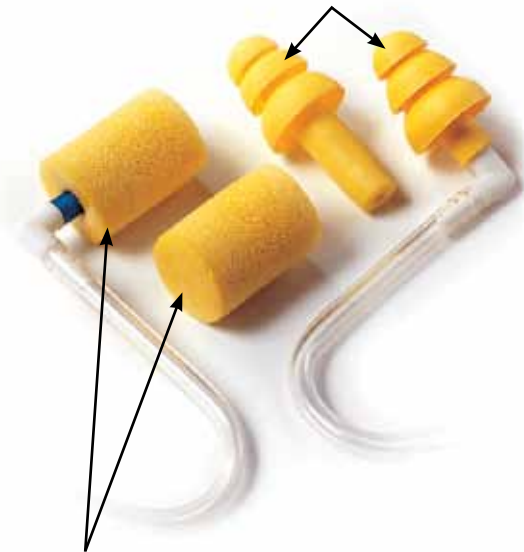

PELTOR

The Sound Solution

Virtually weightless design. Powerful protection.

E-A-R™ UltraFit™ Reusable communication earplugs (PELTIP1), NRR 21 dB, sold as a pair

E-A-R™ Classic™ disposable communication earplugs (PELTIP2), NRR 29 dB, sold as a pair

3M™ Peltor™ HearPlugs™ listen-only and 2-way earpieces are designed for 2-way radio users who must have clear reception of incoming and 2-way transmissions while working in high-noise areas. The earpieces are compact, easy to use and will plug into most radio lapel speaker microphones with an audio accessory and jack. Possible applications may be found in high-noise industries such as:

- Airports
- Manufacturing
- Construction
- Racing
- Public Safety
- Forestry

Listen-only earpieces are virtually weightless.

Great for use in hot and humid environments!

PELTOR

3M Peltor's latest line of HearPlugs listen-only earpieces features a combination of clear sound reproduction with a noise-reduction rating from a NVLAP-accredited lab. In addition, the HearPlugs earpieces can increase the efficiency of radios used in high-noise environments by significantly decreasing repeated – or worse, missed – messages caused by the inability to clearly understand what is being transmitted over the radio.

Easy-to-insert earplug with hole allows radio transmissions to pass through and be heard clearly

Soft, acoustic tube comfortably wraps around behind the ear for a snug fit

Coil allows for head movement and placement

Speaker microphone with audio jack is not included, purchased separately

Available in three choices of plug sizes: 2.5mm, 3.5mm, 3.5mm threaded

The 2-way HearPlug headset is designed for 2-way radio users who prefer a non-muff type headset. Neckband configuration with an adjustable size clip and is compatible with all other PPE equipment. Each headset comes complete with a belt box with the radio PTT and mating connector cable. Tactical version with speaker on one side ordered as -SP.

HearPlugs listen-only earpiece kits:

HTM06	3.5mm mono plug, 25" straight cable
HTM06-02	3.5mm mono Plug, 8" curly cable
HTM07	2.5mm mono plug, 25" straight cable
HTM 07-02	2.5mm mono plug, 8" curly cable
HTM08	3.5mm threaded stereo plug, 25" curly cable

1 pair of both PELTIP1 and PELTIP2 included in each kit

HearPlugs 2-way headsets:

MT21HTM01	HearPlug Model, Motorola Radios, HT1000, MT2000, MTS2000, MTX838/2000/8000/9000, JT1000 Astrodigital, XTS2500/3000/3500/5000
MT21HTM02	HearPlug Model, Motorola Radios GP300, GTX, P1225, P1225LS, LTS2000, SP50, P110, CT150/250/450-LS, CP100

MT21HTM09	HearPlug Model, Motorola Radios, Talkabout FRS Single Pin Versions
MT21HTM012	HearPlug Model, Kenwood Radios, TK190, TK280, TK290, TK380, TK385, TK390, TK480, TK481, TK2140/3140

Accessories:

PELTIP1	3M™ E-A-R™ UltraFit™ Reusable communication earplugs, NRR 21 dB*, Sold as a box of 25 pair
PELTIP2	3M™ E-A-R™ Classic™ Disposable communication earplugs, NRR 29 dB*, Sold as a box of 100 pair

*Research suggests that many users will receive less noise reduction than indicated by the NRR due to variation in earplug fit. OSHA recommends that the NRR be reduced by 50% when comparing relative effectiveness of hearing protection devices and engineering noise controls.
